

# Oregon Society of Clinical Hypnosis

Presents

## Robert Staffin, PsyD, ABPH

*Utilization and Beyond: What does the concept look like in clinical practice?*

**Saturday May 19<sup>th</sup>, 2018**

Hosted by: **SERENITY LANE**  
*saving lives since 1973*

OSCH is honored to welcome Robert Staffin for a day-long training. In this workshop Robert Staffin, PsyD, ABPH shares how he understands, and ways in which he applies, the concept of utilization.

Through a mixture of didactic and experiential (demonstration, role play and small group training) approaches, participants will develop increased competency in (1) recognizing the multifaceted nature of utilization and the myriad of ways in which dimensions of the clinical encounter can be utilized. (2) How to craft interventions that harness the experiential and internal resources of both the client and clinician so as to make the clinical encounter more impactful.

Robert Staffin, PsyD, ABPH is a clinical psychologist in private practice in Teaneck New Jersey. He is certified as an Approved Consultant in clinical hypnosis by the American Society of Clinical Hypnosis (ASCH) and is a diplomate of the American Board of Psychological Hypnosis, ASCH's lone endorsement of competence. He is the Vice President of the Clinical Hypnosis Society of New Jersey, a component section of ASCH, where he teaches the fundamental and intermediate courses in clinical hypnosis and leads seminars in the applications of hypnosis in clinical practice. Dr. Staffin teaches both nationally and internationally
